

MARLIN REYES

GLOBAL HEAD, FINANCE

BIOGRAPHY

Marlin Reyes is the global head of finance at Imaginable Futures. She oversees and develops finance systems, policies and practices; and is a trusted advisor in accounting and budgeting principles. She leads continuous improvement in finance operations and updates to IF's practices using a JEDI framework.

Marlin brings more than 15+ years of expertise in operational fund management specializing in finance, accounting, operations, investor relations and compliance. In her previous role as Chief Financial, Operations and Compliance officer at Saidler & Co, she played a pivotal role in establishing the back-office infrastructure for Crypto Hedge Fund, overseeing finance, operations and compliance functions.

Prior to Saidler & Co she served as the Chief Compliance Officer and Director of Finance at Trident Management LLC, a Private Equity firm. In this capacity, Marlin spearheaded the launch and development of the firm's back-office infrastructure and led various functions including finance, operations, compliance, and investor relations while also chairing the compliance and valuation committees. She also served as a Controller at The Olayan Group, a private multinational enterprise, where she managed the accounting, operations, and compliance of the alternative investment arm in the US.

Her professional journey also includes roles at renowned firms such as PricewaterhouseCoopers (PwC), MSD Capital and a Global Macro Fund in New York.

Marlin received her Bachelor of Business Administration from Bernard M. Baruch College and holds the prestigious designations of Chartered Financial Analyst (CFA) and Certified Public Accountant (CPA) in New York.
